Appendix 1: AAO 389 - Conditions of Certification

Standard conditions of certification:

1. Any conditions of certification contained in the Audit Report are met by the operator.
2. Any open minor nonconformities contained in the Audit Report are resolved within 30 days.
3. The operator conforms with the requirements of the Surveillance Schedule (Appendix 3 of the Audit Report) required by AdventureMark.
4. The operator continues to conform with the *Safety Management System Requirements for Adventure Activity Operators 2023*.
5. Any outstanding invoices are paid in full.
6. The operator notifies AdventureMark of:
 - i. The intent to introduce a new activity that is not in the scope of certificate
 - ii. The intent to introduce a new location for an activity that is not in the scope of the certificate
 - iii. Any notifiable events or incidents
 - iv. Changes in the ownership of the operation
 - v. Changes in key staff, facilities and equipment
 - vi. Significant changes to the SMS.

Special conditions:

1. There is a satisfactory report from a technical expert on the ice climbing activity before 30 November 2025. This evaluation is planned for 30 October when the technical expert is available but could be postponed due to poor weather.

Should any of these conditions not be met, AdventureMark may suspend or withdraw certification, ensuring that the operator has an opportunity to be heard on the matter before proceeding. Any such action will be taken in accordance with the Scheme requirements.
